

# HAGS®

## Product Information

## Litter Bin Sergel

### 8000111

**FS**

Free Standing

0 x 0

Galvanised

140 L

Sergel's large capacity combined with the beautiful shape, has made it very popular in urban environments. The wide and low opening makes it possible to throw away bulky waste such as pizza boxes, but makes it difficult for larger birds to sit on the edge. The door is opened with a standard triangular key and the completely hidden bin bag is easily released without unnecessary lifting. Sergel is available as standard in black or hot-dip galvanized, but can also be offered in other colors. Designed Janne Wickelgren for HAGS. This variant is freestanding and galvanized.

## Specifications

|                |           |
|----------------|-----------|
| Length (mm):   | 700 mm    |
| Width (mm):    | 700 mm    |
| Height (mm):   | 1220 mm   |
| Net Weight:    | 168 kg    |
| Assembly Time: | 0.5 Hours |

## Anchoring

**FS** Free Standing

**Recycled:** Made from materials that have been processed and reused instead of discarded.

**Recyclable:** Can be collected, processed, and turned into new products instead of becoming waste.

**Renewable:** Comes from natural sources that can replenish over time such as sustainably harvested wood.

Transparency is key for HAGS. Our materials come from various suppliers, therefore the Recycled, Recyclable, and Renewable percentages are shown as the maximum possible values used in the materials. As we source more sustainable materials, these numbers will change.

| Material                  | kg     | %     | Recycled | Recyclable | Renewable |
|---------------------------|--------|-------|----------|------------|-----------|
| Aluminum                  | 0.049  | 0.03  | 0%*      | 100%       | 0%        |
| Concrete                  | 81     | 45.37 | 0%       | 0%         | 0%        |
| Polyamide (PA)            | 0.003  | 0     | 0%       | 100%       | 0%        |
| Polyester                 | 0.04   | 0.02  | 0%       | 0%         | 0%        |

|                           | 179 kg | 100%  |          |            |           |

\*We use REDUXA, a high-quality, certified **low-carbon aluminum**, produced using renewable energy (mainly hydro and wind power). Its carbon footprint is **max 4.0 kg CO<sub>2</sub> per 1 kg of aluminum**, which is about one-quarter of the global average (approx. 16 kg CO<sub>2</sub> per 1 kg). It is produced using clean energy and modern, energy-efficient technologies.

**Please note:** These warranties are applicable solely to HAGS products. Third-party items may come with their own separate warranty terms. For further details, feel free to **contact us**.

## Welcome to the world of HAGS

We want to help people experience life the HAGS way. We inspire all generations to open their imaginations and explore the world through play and connection. We strive to connect people to the outdoors to harmonise with nature. We contribute to helping communities get happier and healthier through exercise. We are dedicated to ensuring safe and effortless access to boats and the sea by developing user-friendly and efficient docking systems.

### But wait, there's more to our story...

...we achieve these goals through our exceptional range of play equipment, essential park and urban furniture, as well as our excellent sport and fitness equipment.

### Guide to HAGS symbols

Our products are labelled with symbols showing assembly time, recommended age, inclusive play, free fall height, space required, etc. See below for the symbols used in this brochure.
