Product Information

Gazebo Miami

8020955

A gazebo is a fantastic place to enjoy outdoor living. It is an open garden structure with a roof that creates a cozy and weather protected space to relax and socialize. Gazebo Miami comes with two park benches and an accompanying table. It's a perfect place to relax, have a coffee with someone you care about, and socialize with friends and family.

Recycled: Made from materials that have been processed and reused instead of discarded.

Recyclable: Can be collected, processed, and turned into new products instead of becoming waste.

Renewable: Comes from natural sources that can replenish over time such as sustainably harvested wood.

Transparency is key for HAGS. Our materials come from various suppliers, therefore the Recycled, Recyclable, and Renewable percentages are shown as the maximum possible values used in the materials. As we source more sustainable materials, these numbers will change.

*We use REDUXA, a high-quality, certified **low-carbon aluminum**, produced using renewable energy (mainly hydro and wind power). Its carbon footprint is **max 4.0 kg CO₂ per 1 kg of aluminum**, which is about one-quarter of the global average (approx. 16 kg CO₂ per 1 kg). It is produced using clean energy and modern, energy-efficient technologies.

Welcome to the world of HAGS

We want to help people experience life the HAGS way. We inspire all generations to open their imaginations and explore the world through play and connection. We strive to connect people to the outdoors to harmonise with nature. We contribute to helping communities get happier and healthier through exercise. We are dedicated to ensuring safe and effortless access to boats and the sea by developing user-friendly and efficient docking systems.

But wait, there's more to our story...

...we achieve these goals through our exceptional range of play equipment, essential park and urban furniture, as well as our excellent sport and fitness equipment.
