Hardwood/Galvanised

The Sofiero 360° Curved Bench is a versatile, circular seating solution, ideal for creating unique arrangements around trees or in open spaces. Constructed with durable materials, it offers both style and resilience for parks, gardens, and urban spaces. The Sofiero 360° Curved Bench provides a welcoming spot to relax, enhancing any setting with its functional and visually appealing design. Designed by Jan Wickelgren for HAGS. This variant is freestanding, is made with hardwood and a galvanized metal frame, and has a diameter of Ø1400 mm.

**Recycled:** Made from materials that have been processed and reused instead of discarded.

**Recyclable:** Can be collected, processed, and turned into new products instead of becoming waste.

**Renewable:** Comes from natural sources that can replenish over time such as sustainably harvested wood.

Transparency is key for HAGS. Our materials come from various suppliers, therefore the Recycled, Recyclable, and Renewable percentages are shown as the maximum possible values used in the materials. As we source more sustainable materials, these numbers will change.

| Material                  | kg      | %     | Recycled | Recyclable | Renewable |
|---------------------------|---------|-------|----------|------------|-----------|
| Aluminum                  | 0.016   | 0.01  | 0%*      | 100%       | 0%        |
| Bilinga                   | 34.56   | 25.34 | 0%       | 100%       | 100%      |
| Cast iron                 | 0.16    | 0.12  | 10%      | 100%       | 0%        |
| Stainless steel           | 1.288   | 0.94  | 90%      | 100%       | 0%        |
| Untreated Steel           | 100.298 | 73.55 | 69%      | 100%       | 0%        |
| Zink (electro-galvanised) | 0.05    | 0.04  | 0%       | 100%       | 0%        |
| 136 kg                    |         | 100%  |          |            |           |

\*We use REDUXA, a high-quality, certified **low-carbon aluminum**, produced using renewable energy (mainly hydro and wind power). Its carbon footprint is **max 4.0 kg CO<sub>2</sub> per 1 kg of aluminum**, which is about one-quarter of the global average (approx. 16 kg CO<sub>2</sub> per 1 kg). It is produced using clean energy and modern, energy-efficient technologies.

For more information on our product warranties, please visit the **Warranties** page via **About**.

**Please note:** These warranties are applicable solely to HAGS products. Third-party items may come with their own separate warranty terms. For further details, feel free to **contact us**.

## Welcome to the world of HAGS

We want to help people experience life the HAGS way. We inspire all generations to open their imaginations and explore the world through play and connection. We strive to connect people to the outdoors to harmonise with nature. We contribute to helping communities get happier and healthier through exercise. We are dedicated to ensuring safe and effortless access to boats and the sea by developing user-friendly and efficient docking systems.

### But wait, there's more to our story...

...we achieve these goals through our exceptional range of play equipment, essential park and urban furniture, as well as our excellent sport and fitness equipment.

### Guide to HAGS symbols

Our products are labelled with symbols showing assembly time, recommended age, inclusive play, free fall height, space required, etc. See below for the symbols used in this brochure.
