

Panelling consisting of elements available in two different heights in 3 mm thick steel plate. The posts are made of 60x8 mm steel plate with a 6 mm thick base plate. The panels are available both in laser-cut version with free designs and in blind sheet metal complete, on one side, with advertising board 100x70 mm with aluminium snap-on profiles.

All metal parts are galvanised and coated with thermosetting polyester powder.

All fixings are in AISI304 stainless steel.

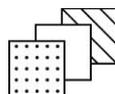

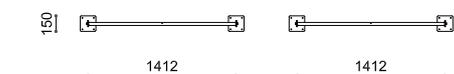

Prepared with holes Ø 10 mm for ground fixing through mechanical dowels (not included) or for ingrounding.
